ALUMALITE

Alumatite is the hybrid display system that raises your brand image while it lowers your shipping and installation costs. Alumatite's lightweight aluminum frame and rotomolded case cost less to ship, and it assembles in a snap to reduce set-up time.

An incredible 81" wide by 84" high central graphics area blocks the view of whatever is behind you. Graphics are available in your choice of either dye sublimation printed tension fabric or roll on graphic mural.

Alumatite comes with your choice of three canopy shapes, Wave, Arc or Straight, and they are available in three colors, Silver, Black and White. Headers and wings are available in a variety of finishes including frosted plex or laminate.

Add on to your Alumatite with a variety of options and accessories. Attached cabinets and reception counters come with locking storage and internal shelves. They are available in your choice of a variety of stylish laminate finishes. Customize your Alumatite with product shelves, backlit headers, monitor mounts and more.
