

Monitor Mount Connection / Horizontal Truss

Step1

Slide the **Mounting Plate** with the "**T**" Side in between the **Lace** and must go up against the **Hinge Block**.

Step2

Drop the **Mounting Plate** down into position.

Step3

Screw in the **Extender Pole**, and secure it with the screw provided.

Step4

Use the instructions provided with the **Monitor Mount** to complete the rest of the assembly.

IMPORTANT: The **Mounting Plate** must be used with the "**T**" Side against the **Hinge Block**. DO NOT use the **Mounting Plate** against the side where the **Lace** is welded to the tube.
