

INTRODUCING **ELITE GRAPHIC WALL**

THE PERFECT FIT FABRIC SOLUTION

**LOW-PROFILE ALUMINUM FRAME DISPLAY
WITH SEG PRESS FIT GRAPHICS**

Keep the focus on your client's message

Elite Graphic Wall Displays feature single or double-sided 4-color fabric graphic panels finished with Silicone Edge Gasket (SEG) for easy and perfect press-fit installation in seconds. Base plates are removable to allow wall mounting with optional mounting kit. Single tool assembly ensures quick and easy set up in as little as 10 minutes. The entire display packs flat in a molded case for easy transportation and exceptional protection. Top mounted external LED arm lights are also available for added visibility.

If your display solution is giving you fits, get the perfect fabric fit with Elite Graphic Wall Displays.

Features include:

- Low profile heavy duty 1.575" thick aluminum frame with wide stabilizer feet
- Easy assembly with a single tool (included). Lights pre-attached to frame.
- SEG press fit graphics (with Double sided option)
- Durable rotomolded transport case with custom-fit packing for superior protection
