Alumalite Classic 10ft & 20ft

The ultra light portable hybrid exhibit system that started it all. Available in 10' & 20' configurations, Alumalite is the portable display that elevates your brand image while lowering your shipping and install and dismantle costs. An entire Alumalite 10ft display can be assembled in less than two hours by two people and weighs in under 200 pounds with cases! Choose from over two dozen fabric canopy colors at no additional charge. Available options include fixed or free standing **counters, shelves, lighting, monitor mounts,** and literature racks.

Wings are available in frosted plex, laminate or Sintra for graphics application.
