This is your risk assessment officer, Lt. Wade. I have your combat commands for Operation Talon Strike. You are to rendezvous with our westward battle carrier group. Intelligence suggests possible enemy activity.

(Player lost)
You're lucky to be alive. Return to base for evaluation and maybe they'll let you redeploy.

(Player has passed level)
Congratulations on the "Milk Run" and welcome to the Carrier Battle Group.

(About Player Accuracy)
Let's do a quick debrief. I'm bringing up your weapon accuracy stats right now.

(Accuracy: GOOD)
That's some nice shooting. I'm impressed. Keep it up and you'll do all right.

(Accuracy: AVERAGE)
Not bad, but definitely could have been better. Try to make 'em count.

(Kills: GOOD)
Total number of kills looks very healthy. Next mission will have much stiffer resistance, don't lose that edge.

(Kills: AVERAGE)
You're dishing out some punishment but it may not be enough against a superior force.

(Talking about Damage)
Lastly, checking damage report.

(Damage: GOOD)
Not a scratch. That's what we like to see.

(Damage: AVERAGE)

The plane can be fixed but you
better get focused airman.

3 MISSION TWO BRIEFING

3

An enemy carrier has strayed into
our perimeter and we need to take
out their air capabilities. Avoid
their anti-aircraft guns and
destroy their planes before they
get aloft.

4 MISSION TWO DEBRIEFING

4

(Player lost)

I have to recommend some serious
evals before we let you fly again.
Once the docs are done, you're back
to flying milk runs until you can
prove yourself.

(Player has passed level)

Well done. They can't possibly
operate that carrier group
offensively after the damage we did
to their airwing.

(Talking about Accuracy)

Weapon accuracy is...

(Accuracy: GOOD)

...outstanding airman, you're giving
us all a run for our money.

(Accuracy: AVERAGE)

...nothing to write home about, a few
good hits here and there. Try to
lead the targets a little more.

(Kills: GOOD)

Kill rate is impressive, most
impressive. No complaints.

(Kills: AVERAGE)

You racked up a few good kills but
we need you to push the count up.
I've got a bad feeling we'll be
facing a much larger force soon.

(Damage: GOOD)

(cont'd)

Bravo Zulu. You're good to go with a little routine maintenance.

(Damage: AVERAGE)

Looks like you barely made it back. Air boss said he could see the damage on your approach.

5 MISSION THREE BRIEFING

5

It looks like some bandits survived the attack and are now on a direct intercept course with our air transport. I suggest you go stealth to surprise the incoming war party, but if that transport takes too much heat, make sure you draw that enemy fire.

6 MISSION THREE DEBRIEFING

6

(Player lost)

Looks like you owe those SAR guys a round of drinks. It'll be up to the Advisory board if you get to fly anytime soon.

(Player has passed level)

Yes! I was worried that Heavy wouldn't make it. Pulling up debrief data now.

(Accuracy: GOOD)

Your accuracy is top 95 percentile. Right where we want it. Way to go.

(Accuracy: AVERAGE)

A fair hit ratio, but room for improvement. You can't waste ammo.

(Kills: GOOD)

Kill data shows operational excellence. Nice flying.

(Kills: AVERAGE)

Acceptable kill numbers for another carrier group. But we expect more out of our guys.

(Damage: GOOD)

You're clean and mean, fully operational for the next sortie.

(Damage: AVERAGE)
Maintenance will need a few days on
your bird when you get back in.
Nothing too serious though.

7 MISSION FOUR/FIVE BRIEFING

7

Pac Com has just patched through an
emergency mission redirect.
Tasking order is a tactical attack
on the enemy training camp. It
appears heavily fortified and under
strong cover. You have both
fighter and bomber abilities at
your disposal.

8 MISSION FOUR/FIVE DEBRIEFING

8

(Player lost)
That's what separates the men from
the boys -- I'm afraid you didn't
make the cut. I will have to
recommend to Command that you be
redeployed with another carrier
group.

(Player has passed level)
Congratulations, pilot. That would
have been a tough mission for
anyone.

(Accuracy: GOOD)
Accuracy is excellent. Still making
us proud I see.

(Accuracy: AVERAGE)
Acceptable accuracy, but you're not
close to challenging your wingmen.
I recommend more time in the sim.

(Kills: GOOD)
Apparently it's raining bad guys in
the desert. Well done.

(Kills: AVERAGE)
Racked up a few more icons for the
side of your plane. But I'm still
looking for more.

(Damage: GOOD)
Talon looks brand spanking new.

(MORE)

(cont'd)
Absolutely outstanding performance.

(Damage: AVERAGE)
Little rough on the girl, but
nothing we can't fix.

OVERALL GAME DEBRIEFING

(Player: GOOD)
You're probably the best pilot I've
seen in a long time. I'd be proud
to be your wingman.

(Player: AVERAGE)
Not quite 100 over 100 but still a
success. You faced some tough odds
so Safe and Home is not bad at all.

OK signing off, I'll see you on
deck. I'll talk Henry into leaving
you a cold one. Fly safe.
