Welcome to the 2009 Mod Awards!
The Third Annual MOD Awards honors the best portable modular designs of the past year for trade shows, events, indoor, outdoor, retail and museums and beyond.

The MOD Awards will spotlight leading designers of portable modular structures, presenting trophies to winners in seven categories including overall Best of MOD.

Two finalists have been selected by the Editors of Event Design Magazine and will be presented at MOD '09. The winner in each category will be selected by our audience with instant audience response tabulation provided by Padgett Communications along with a distinguished panel of judges including Dan Hanover, Derek Gentile, Armen Gharabegian and Mitchell Mauk.

The winning entries will be profiled in the June issue of Event Design Magazine. May the best design win!
